Update from the head

Hello everyone

I want to take this opportunity to say how excited I am to be working with your children at Newby and Scalby. It is a privilege to be Headteacher and I very much look forward to meeting you all in the coming weeks. I will be at Newby and Scalby full-time from September.

All the very best,

Mr Tom Wriglesworth

On Wednesday, Paddy from This is the Coast arrived at Newby to surprise one of our teachers with an award. Mrs Gray was nominated by parents and then chosen to receive 'Teacher of the Year' - one of only five given out in the area. Mrs Gray has worked for the school for 8 years and she says it is an honour to have been nominated by parents and she is very grateful to have had the opportunity to work with the children at Newby and Scalby school.

Mrs Sarah Tipple

Below is a lovely picture from last week showing two Y1 pupils excited to see what they can find in the school pond. This is linked to their science, learning about habitats!

Class 1 & 2

This week we have continued with our theme 'The Seaside'. We had a visit from Jack's dad who came to tell us about his job in the community; sourcing crabs, lobsters and other sea creatures. The children learnt lots of interesting facts and asked respectful questions.

In the outdoor area the children were challenged to make boats using junk modelling materials and test them out in the water tray to see if they would float or sink. We learnt some new vocabulary including; density, particles and buoyancy. The children had to think carefully about which materials to use and what would happen when they tested it out.

Year 1

Class 3 & 4

This week in Year 1 we have been learning about position and direction in maths. In English we have begun to plan a story about losing our favourite teddy and the journey it goes on before making it's way home.

During art we have been learning about sculpture and the artist Pablo Picasso. We have explored different materials and made sculptures with them. Maybe you could have a walk around Scarborough and spot some of the fabulous sculptures we have in and around Scarborough.

Year 2

Class 5 & 6

This week in Year 2 we have been learning about statistics in maths. In English we have been reading Grandad's Camper and using it to create postcards using past tense.

In Geography we have been looking at the difference between villages, towns and cities to go alongside our comparisons of Scalby village and Tocuaro in Mexico. On Tuesday we had a lovely picnic on the field eating the sandwiches and coleslaw that we had made as part of our Design Technology learning. Thankfully the sun made an appearance.

Year 3

Class 7 & 8

In Year 3 this week, we have been continuing with our plant experiment and finding out if the number of seeds within one plant pot affects the growth of the plant. In the pots we have 2 seeds, 4 seeds, 8 seeds, 16 seeds and 32 seeds. The children have been so intrigued to find out the results. As you can see, the pots containing more seeds aren't looking very healthy and have started to droop.

In Design and Technology, we have completed our final designs and produced our puppet prototypes. The children have used their market research (from EYFS) to help them design a puppet which is suitable for a young audience. Next week, we will be practising a running and overcast stitch.

Year 4

Class 9 & 10

Year 4 had a fantastic trip to Jorvik Viking centre and Dig. It was a brilliant experience and all the children engaged in the historical knowledge of Vikings. They might even be able to tell you what you can buy for 4 shillings! Thankyou for your understanding with our late return. The children were very well behaved on the coach despite the heavy traffic.

It was a joy to see year 4 competing on sports day. They are a very competitive bunch! Thankyou to all parents/carers who attended to see their child compete.

We have enjoyed learning about the digestive system this week. We investigated the effect of different liquids on teeth i.e. a hard boiled egg.

Year 5

Class 11 & 12

Year 5 has been working hard on the planning and preparation for our summer fair this week. They have come up with some exciting ideas that we can't wait for the rest of the school to see.

Our summer fair will be on the morning of the 12th of July when the whole school will come and have a go at the stalls that have been chosen and created by the Y5s. They will be in charge of running their stalls and hoping to raise money for the school PTA.

It has been great to see the classes work together and share ideas.

Let's keep our fingers crossed for some sunshine.

Class 13 & 14

Year 6 have had a fantastic and busy week. They have enjoyed their rugby session working on their passing and scoring tries with Simon Smith and many of them are looking forward to the TAG Festival on Tuesday 9th July. (You should have received a ParentApp message about this). They have been working hard practising play songs and dances to bring the story of Cinderella to life, ready for their performance on Monday 15th July at 6pm.

We are enjoying the story of Black Powder as part of our reading scheme. Ask them about how many greenhouse words they can remember! Finally, the majority will have completed both of their transition days for secondary school and we hope they have had a positive experience. If there are any worries or concerns, please do not hesitate to contact us.

Attendance

Attendance matters.

Coming to school on time, every day is vital to achieving the best possible outcomes as well as learning good habits which will benefit everyone in the future.

EYFS

Blue Group -	93.5%
Green Group -	84%
Red Group -	93.5%

Year 1

Class 3 -	98.28%
Class 4 -	95.5%

Year 2

Class 5 -	93.2%
Class 6 -	96.33%

Year 3

Class 7 -	97.6%
Class 8 -	86.9%

Year 4

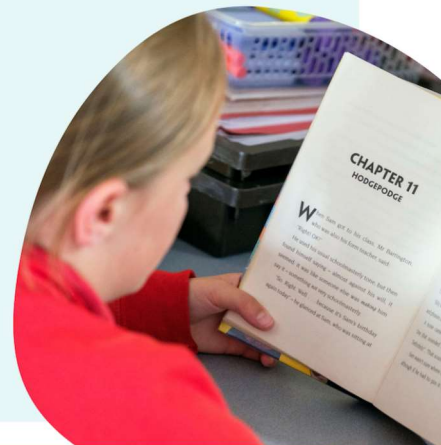

Class 9 -	96%
Class 10 -	91.3%

Year 5

Class 11 -	85.3%
Class 12 -	95.5%

Year 6

Class 13 -	98.3%
Class 14 -	97.3%

Sports Day Results

Below are the results from last weeks' Sports Days. Congratulations to all pupils who took part and a huge thank you to the Year 6 pupils for organising such wonderful events.

1st place - Dream - 16,842 points

2nd place - Excellence - 16,127 points

3rd place - Aspiration - 15,581 points

4th place - Success - 14,906 points

5th place - Respect - 13,681 points

6th place - Motivation - 13,235 points

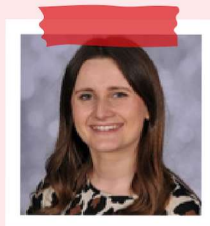

Safeguarding

Ensuring our pupils are safe and well looked after is our key priority.
